ARTICLE III SALARY SCHEDULE

Section A. Definition

The salary schedule is a system for guiding the placement of new employees, the advancement of employees based upon completion of pre-approved staff development activities, and the vertical movement of employees based upon rendering satisfactory service to the Employer. The schedule is intended to recognize that new employees have a variety of backgrounds and that employees' development can occur via college course work, industry/business training and directly related work experience.

Section B. Guidelines and Procedures for Initial Placement of New Employees

1. Initial placement of new employees shall be made by the Employer following evaluation of new employee's professional experience, training received in industry, college credits earned, and directly related work experience. Evidence of professional experience, training received, work experience and college credit shall be documented as the Employer requires.

2. The procedure for initial lane placement of new employees shall be as follows:

a. Step One - New employees will be placed on Lane 180 if they have, 1) a baccalaureate degree or 2) journeyman status or its equivalent.

b. Step Two - Initial placement beyond Lane 180 may be granted for course work (beyond that credited in Step One) directly related to a new employee's assignment at the College by evaluating the course work and applying the following S.D.U. formula:

Number of S.D.U. - Number of Quarter Hours x 1
Number of S.D.U. - Number of Semester Hours x 1.5

The number of S.D.U. for directly related course work to be granted (beyond Step One above) will be added to 180 S.D.U.

College work applicable for credit would be course work directly related to an employee's professional assignment at Des Moines Area Community College, course work contributing to a degree in a new employee's teaching field, and/or course work in education methodology and theory. Beyond the last acceptable degree to be applicable for placement, all graduate credits must be given a "B" grade (or higher) and all undergraduate credits must have been given a "C" grade (or higher).

For institutions grading on a "Satisfactory" "Unsatisfactory" or equivalent standard, the grades must be acceptable toward a degree at that university. Advanced research credit, in connection with an advanced degree, shall not be counted unless the research has been successfully completed and the degree awarded.

c. Step Three - Initial placement beyond Lane 180 may be granted for industrial/business training directly related to a new employee's assignment at the College by evaluating the industrial/business training and applying the following S.D.U. formula:

Number of S.D.U. - Number of Clock Hours In Industry/Business School ÷ 30

The number of S.D.U. for directly related industrial/ business training to be granted (beyond Step One) will be added to 180 S.D.U.s. Training applicable for credit shall

have been sponsored by a reputable organization, conducted by a qualified trainer, guided by clear objectives in a setting appropriate to formal training and received in the past eight years. Regular meetings and conventions of associations (or societies) and meetings called by the Department of Education are not considered in computing this credit. Workshops or seminars sponsored by schools during in-service periods are also not applicable. This provision applies only to new employees in the following two areas:

1. Career Education programs
2. Selected college parallel career option programs

- d. Step Four - Initial placement beyond Lane 180 may be granted for work experience not credited in Step One directly related to a new employee's assignment at the College by evaluating the work experience and applying the following S.D.U. formula:

Number of S.D.U. - Number of Clock Hours of Approved Work Experience ÷ 177 for First Four Years, Beyond that Credited in Step One.

Work experience applicable for credit must have contributed substantially to the new development of competencies directly related to the new employee's assignment at the College, and be beyond that needed to achieve placement in Lane 180. This provision applies only to new employees in the following two areas:

1. Career Education programs
2. Selected college parallel career option programs

- e. Step Five - Computations. The appropriate lane for initial placement of new employees will be determined by summing the S.D.U. totals determined by the Employer in Steps One through Four above. In no case shall a new employee be credited with more than a combination of 45 S.D.U.s in Steps Three and Four.

- f. S.D.U.s credited for initial placement using the steps outlined above that exceed those needed for a given lane placement but insufficient to place the new employee at the next lane, shall be documented and banked for possible future use for advancement on the salary schedule as governed by the provisions of Section C in this Article.

3. The procedure for initial level placement of new employees shall be as follows:

- a. Step One - The number of full years of directly related professional experience (teaching, counseling or media experience) on a regular contractual basis shall be evaluated for determining initial level placement. Teaching as a graduate assistant, part-time teacher (except at D.M.A.C.C.) or student teacher shall not be counted. Further, only up to a maximum of ten (10) years of professional experience may be credited.

However, credit for such experience may only be given for that experience directly related to a new employee's primary assignment at Des Moines Area Community College.

- b. Step Two - The number of full years of directly related work experience, not counted earlier in the provision, initial lane placement (Article III, Section B-2) shall be evaluated for determining initial level placement. Only that work experience directly related to a new employee's assignment shall be considered. Work experience applicable for consideration must be beyond that needed to be placed on Lane 180 (earned journeyman's status or its equivalent). In any case, no more than ten (10) years of work

experience may be considered for initial level placement. This provision applies only to new employees in the following two areas:

1. Career Education programs
 2. Selected college parallel career option programs
- c. Step Three - Computations. The initial level placement for new employees shall be determined by summing the level credit granted by the Employer in Step One and Step Two except that no more than a combination of ten (10) years of experience may be granted. Beginning with FY '24, the beginning level placement of a new employee shall be Level 8, with those having 9 or 10 years of experience placed at Level 9 and 10 respectively.

In no case may a new faculty member be placed higher on the salary schedule than someone with like years of experience without a placement above schedule for a difficult to fill position.

Faculty members hired for the FY '04 contract year, who began employment prior to November 1, 2003, shall not have their original level placement on the faculty salary schedule reduced even if the original placement resulted in placement on a level higher than an existing faculty member with equivalent years of experience.

4. The Employer may place a new employee above/off schedule in difficult to fill positions following a meeting with the Association to explain why placement above/off schedule is deemed necessary.
5. After initial level and lane placement of a new employee has been completed, the education, training, work experience, or other background received prior to the first date of the new employee's first individual contract, shall not be considered for advancing on the salary schedule (except for item 2f of this article).
6. The employer agrees to notify the President of the Association of the names of new hires represented by the Association. This shall be done within two working days following the commencement of employment.

Section C. Guidelines and Procedures for Advancement on the Salary Schedule

1. Advancement on the schedule is defined as horizontal change from one lane to another lane. Advancement will be granted upon earning staff development units (S.D.U.) for completing pre-approved work experience, attending pre-approved training, and completing pre-approved courses.
2. Procedure for advancement on the salary schedule shall be as follows:
 - a. Step One - The employee shall submit an approval form for staff development unit consideration which shall include the course work, special training, and/or directly related work experience that the employee proposes to undertake for purposes of advancement.

b. Step Two - The Employer shall evaluate the plan using the following guidelines:

- 1) Consideration for Evaluating Training - In computing S.D.U. credit for training, only noncredit training directly related to the employee's assignment shall be considered. Training applicable for credit shall have been sponsored by a reputable organization, conducted by a qualified trainer, guided by clear objectives and in a setting appropriate to formal training. Regular meetings and conventions of associations (or societies) and meetings called by the Department of Education will not receive S.D.U. credit. Workshops or seminars sponsored by the College during inservice periods are also not applicable. The following formula will be used to calculate S.D.U. to be awarded upon successful completion of the pre-approved training.

Number of S.D.U. - Number of Clock Hours in Noncredit Training ÷ 30

- 2) Considerations for Evaluating Work Experience - In computing S.D.U. credit for work experience, only that directly related to an employee's assignment shall be considered. Work experience applicable for credit must be beyond the learning or apprenticeship period (usually 3-5 years) appropriate to a given occupation. This provision applies only to employees in career and selected para-professional programs. The following formula will be used to calculate S.D.U. to be awarded upon successful completion of pre-approved work experience.

Number of S.D.U. - Number of Clock Hours of Approved Work Experience ÷ 40

- 3) Consideration for Evaluating College course work - In computing credit for college course work, course work directly related to an employee's professional assignment at Des Moines Area Community College, course work contributing to a degree in an employee's teaching field, or course work in educational methodology and theory may be credited. All graduate credits must have been given a "B" grade (or higher) and all undergraduate credits must have been given a "C" grade (or higher). For institutions grading on a "satisfactory/ unsatisfactory" or equivalent standard, the grades must be acceptable toward a degree at that university. Advanced research credit, in connection with an advanced degree, shall not be counted unless the research has been successfully completed and the degree awarded. (S.D.U. shall not be granted for any course work, industry schools or work experience completed or in progress before June 1, 1975.) The following formula will be used to calculate S.D.U. to be awarded upon successful completion of pre-approved college coursework.

Number of S.D.U. - Number of Quarter Hours x 1

Number of S.D.U. - Number of Semester Hours x 1.5

c. Step Three - The Employer may approve, disapprove, or modify the proposed individual staff development plan and notify the employee in writing within twenty (20) working days from the date of receipt by Human Resources.

- d. Step Four - The employee may execute the approved plan, and upon satisfactory completion is responsible for presenting evidence of completing the development activity to the Human Resources Office. Work experience hours must be documented by letters from former employers. Training must be documented by certificates of completion and/or letters from the trainer which should specify the number of clock hours completed or other evidence judged adequate by the Employer. Evidence of earned college credit must be in the form of official transcripts which bear the signature and seal of the college registrar.
- e. Step Five - Advancement on the schedule by the employee shall be executed only once a year at the beginning of the contract year. The beginning of fall semester of each year is the deadline for any employee who is seeking advancement to present evidence (the approval for any activity and evidence of completion) to the Human Resources Office. The responsibility for initiating advancement action is solely that of each employee. S.D.U. credit will not be awarded for activities for which the College has paid any expenses, tuition, fees, travel, lodging or meals.

Section D. Guidelines and Procedures for Movement on the Schedule

- 1. Movement on the schedule is defined as vertical change from one level to another level.
- 2. Employees will progress one full level (1.0) as they complete each fiscal year of service to the College until they reach the top of their lane.
- 3. Part-time employees will progress one full level (1.0) as they complete each fiscal year of service to the College until they reach the top of their lane. However, when a part-time employee is employed on a full-time basis, they will be placed on a level consistent with the number of full years of Des Moines Area Community College experience which they have accumulated by summing the total part-time experience completed.
- 4. Movement on the schedule will be made annually (until an employee reaches maximum) by the Employer at the effective date of the employee's individual contract. An employee hired during the contract year or an employee who for some period of the contract year has been on leave of absence without pay, shall be eligible for movement of one (1) full level if such employee has been on duty for six (6) months or more and worked more than half-time during the contract year. Employees in the two categories above shall be eligible for movement one-half (1/2) level if they have worked half-time or less or have been on duty during less than six (6) months of the contract year. An employee who is not on duty during the contract year or starts employment after the spring term shall receive no level movement for the subsequent year.

Section E. Salary Schedule Interpolation

Salary schedule interpolation from nine (9) month contracts to twelve (12) month contracts will be made by the following calculation: nine (9) month schedule salary x (1 + salary schedule interpolation number).

Salary schedule interpolation number for FY25 is .25694.

Section F. Salary Schedule Format

The index formula for the salary schedule is 4.1251% of the generator base between full levels and between lanes as indicated in the pay schedules.

Section G. Longevity Pay

Employees off the salary schedule will receive an across the board longevity increase of 3.3% in FY25. An employee who is not on duty during a contract year shall receive no increase for the subsequent year.

Section H. Pay Schedules and Pay Procedures

Pay schedules and relevant pay procedures are established yearly in a published payroll calendar. The pay schedule and pay intervals will generally follow the same pay schedule from year to year unless DMACC and HEA mutually agree to alter that schedule. The HR pay procedures associated with the pay schedules are hereby incorporated into the terms of this agreement. If substantive changes are necessary, the HEA will be provided notice of those changes before implementation.

Beginning with Fall 2023, 2 additional contractual work days will be added for new faculty with contracts starting in the fall semester and one day for new faculty with contracts starting in the spring semester. These additional days are for the purpose of new faculty orientation/training. After the first year of employment the contractual work days for these new faculty will be the same as other continuing faculty. The additional days are not added for new Counselors and Librarians as they are already contracted for these days.

ARTICLE IV
Coverage and Leaves of Absence

Section A. Coverage

1. Salary Reduction Dependent Care

An eligible employee may elect to set aside dollars for Dependent Care expenses as defined by federal law. This will allow the employee to reduce their taxable income by the amount they determine will be needed for Dependent Care expenses during the year.

2. Workers' Compensation

Each employee shall be covered by Workers' Compensation paid for by the Employer. Sick leave benefits paid to the employee shall be integrated with Workers' Compensation benefits paid, so that the total dollars received by the employee shall not exceed one hundred (100) percent of the employee's individually contracted base salary.

Section B. Leaves of Absence

1. Sick Leave

All full-time employees, after the effective date of the contract and having reported for duty, will accrue fifteen (15) days sick leave for personal illness or injury with full pay at the rate of one and one-fourth (1 1/4) days per month. The sick leave provisions only apply to personal illness or injury including that caused by illness of a member of the immediate family. Immediate family shall mean spouse, children (including step-children), and parent (including step-parent). Unused days shall be cumulative to a maximum of one hundred (100) days. An employee who begins the fiscal year with one hundred (100) days accumulation will not be credited with less than one hundred (100) days unless such employee uses more than fifteen days during the fiscal year.

A statement from a doctor of the employee's choice is required for absences due to illness beyond four (4) working days. However, in determining sick or disabled status, the Employer, at Employer expense, reserves the right to require examination by a doctor selected by the Employer. Sick leave for employees working at least one-half time, but less than full-time, shall be prorated by a ratio based upon their individual contract. Sick leave will be integrated with Disability and Workers' Compensation so that the total dollars received by the employee shall not exceed one hundred (100) percent of the employee's individually contracted base salary.

2. Bereavement Leave

All full-time employees after the effective date of the contract and having reported for duty, may be granted up to five (5) working days of leave annually at full pay to be used upon approval of the Employer, for attendance at funerals, visitations, or other purposes directly related to a death.

3. Personal Leave

A full-time 9 month employee may be granted three (3) days for personal leave each contract year. One day may carry over to the next year for a maximum of four (4) days in any one contract year. A full-time 9 month employee with a full-time summer teaching load shall receive a fourth personal day to be used by the end of the contract year. The fourth personal day may not be carried over into the next contract year. A faculty member may not be granted more than four (4) personal days in a contract year.

A full-time 12-month employee may be granted four (4) days (non-cumulative) for personal leave each contract year.

To be eligible for such leave, the employee shall have written approval from their supervising administrator. Personal leave may be granted for any contractual day except those designated as a staff development or President's Days. Such leave for employees working at least one-half, but less than full-time, shall be prorated by a ratio based upon their individual contract.

4. Jury Duty

When an employee is required to serve on a jury, the absence from work for this reason will be excused without loss of pay. The jury duty pay received by the employee must be turned into the Business Office or an equivalent amount deducted from the regular monthly wage. Employees are expected to report back to their working assignment during a normal work day when their presence is not required by the court.

5. Military Leave

Employees who are members of the National Guard, or any organized reserve of the Army, Navy, Marine Corps, Coast Guard, or Air Force which require periods of training are permitted to be absent from work for the purpose of receiving military training when ordered by proper authority to active state or federal service. The first 30 work days each calendar year shall be paid.

6. Leave of Absence Without Pay

With the President's approval, a leave of absence without pay, not to exceed twelve (12) months, may be granted to full-time employees or regular contract part-time employees with at least three (3) consecutive years with the College for purposes of professional development. Further, full-time and regular part-time employees with special personal or medical problems may be granted leave without pay not to exceed twelve (12) months. An employee desiring a leave of absence should make written application at least three (3) months prior to the time leave is to begin. For leaves of more than four (4) months duration, ninety (90) days prior (thirty (30) days prior in the case of shorter leaves) to the time of leave termination the employee shall notify the President in writing of their interest in returning. If notification does not occur, it shall be assumed that no return is planned.

The Employer, in granting a leave of absence, implies that it will return the employee to a position which in the determination of the Employer is the same or similar to that in which the employee formerly served if a vacancy exists for which they are qualified.

Upon return to employment, the accrued sick leave and experience credits earned prior to the leave shall be credited to the employee.

7. Family and Medical Leave Act

All Regular employees who have worked for the College for at least 12 months and have worked at least 1,250 hours in the preceding 12 months shall be eligible for Family Medical Leave each fiscal year as specified in federal Family Medical Leave regulations.

Section C. Vacations and Holidays for Counselors and Librarians

2. Vacation shall be accrued on a monthly basis at a rate of 2.08 days per month. The vacation year shall start July 1 and end June 30. Vacation will accrue in any month in which the employee started before the fifteenth day of the month. Vacation may be used in the month following accrual.
 - a. When the college is closed between Christmas and New Year's Day holidays, no vacation leave is required.
 - b. There is not a maximum on the amount of accumulated vacation leave that may be carried over from one fiscal year to the next. Human Resource Procedure HR3705 Vacation Leave will be followed regarding maximum amounts of vacation leave that may be used within specified timeframes and maximum amount of vacation leave that may be paid out upon resignation.
